

Bring your perspectives, experiences, and suggestions to improve VA research!

Our research topics include:

- Improving healthcare services
- Mental and behavioral health
- Patient-provider communication
- Medication (e.g. prescribing, safety, patient use)
- Women's health

VETERAN ENGAGEMENT GROUP FOR RESEARCH

DENVER
SEATTLE

CENTER OF
INNOVATION

FOR VETERAN-CENTERED & VALUE-DRIVEN CARE

Veteran Engagement Group for Research

The Veteran Engagement Group for Research is a Veteran-based group that provides feedback on VA research.

Veteran feedback is essential to shaping and informing VA research.

“Participation in this group has taught me more about the VA Healthcare system and the research that goes into that care, than what I learned in years of being a VA patient.”

*-Current Veteran
Engagement Group Member*

As a Veteran Engagement Group for Research member you would:

- ✓ Routinely attend monthly virtual meetings for 1.5-2 hours
- ✓ Review meeting materials prior to the meeting
- ✓ Share your unique experiences and perspectives.
- ✓ Provide feedback to VA researchers on research ideas and results.
- ✓ Help ensure research is Veteran-centered.
- ✓ Connect with other Veterans.
- ✓ Compensation of \$150 per meeting
